

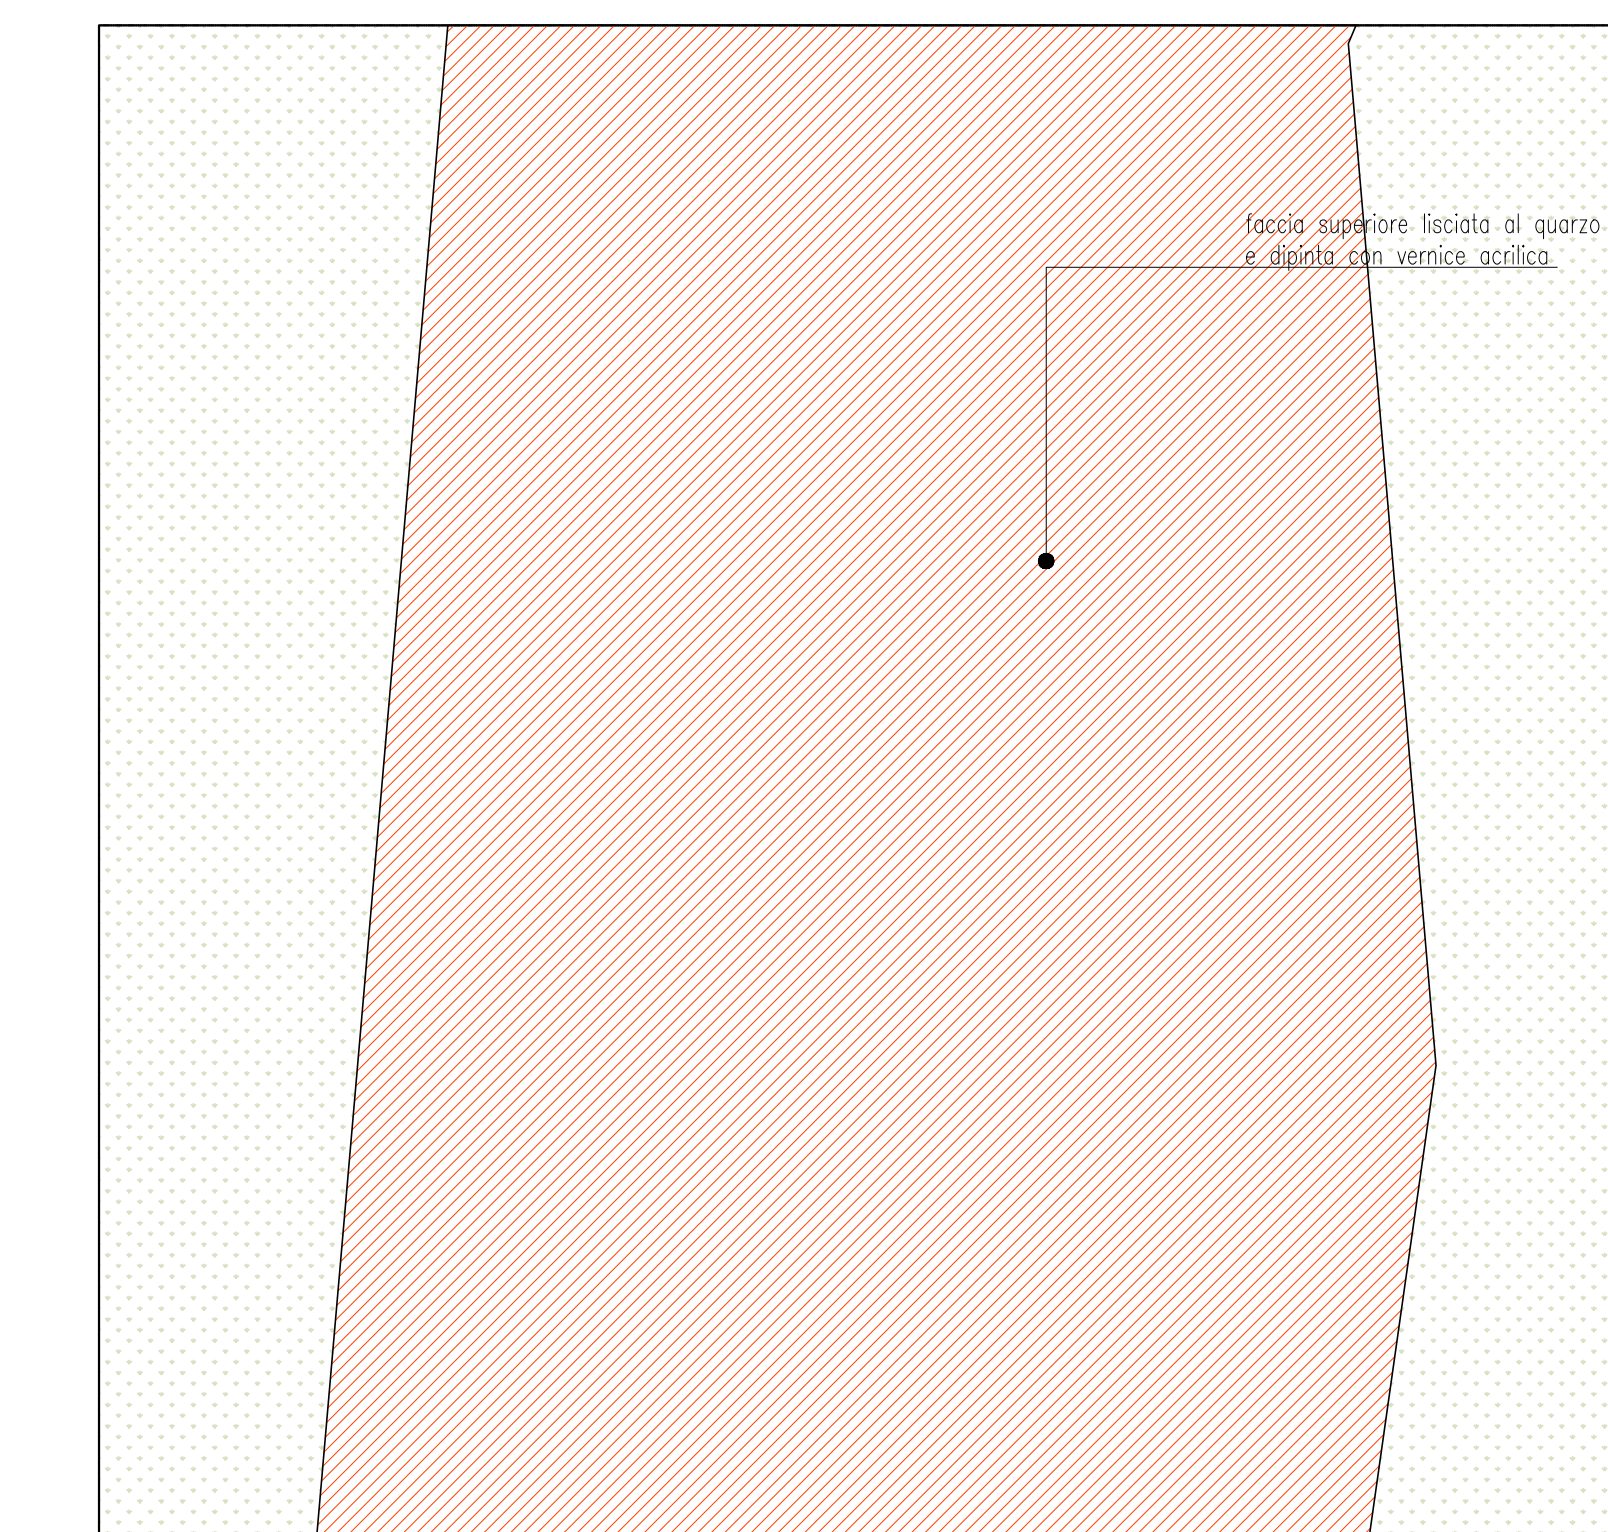

Diagram illustrating the cross-section of a road profile with the following elevations (in meters) indicated on the left:

- 38,40 quota labinto di propella
- 38,00 quota stato di fatto
- 37,40 quota falso acquifero

The diagram shows a road surface with a red line indicating the proposed profile and a blue line indicating the existing profile. A small blue square marks a point on the existing profile. The road is flanked by trees on the left and a hatched area representing the ground or subgrade on the right.
